

Bamboo Slate Tablet Set Up

Please read the Owner's manual provided with the Bamboo Slate Tablet.

Please fully charge the Bamboo Slate Tablet before first use for best result.

The Bamboo Slate Tablet can be plugged into a USB port on your laptop to charge with the provided USB cable.

This tablet communicates via **Bluetooth** only, even with the USB cable attached to the Bamboo Slate Tablet and plugged into your laptop, you must also connect the Bamboo Slate Tablet to the computer using **Bluetooth**.

Bluetooth must be enabled\turned on, on your laptop.

Step 1 - Charge the Bamboo Slate Tablet.

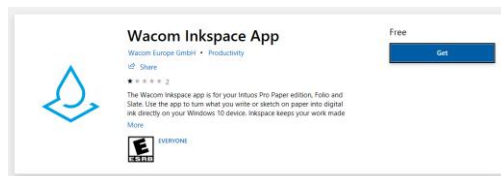

Step 2 – Make sure Bluetooth is turned on in windows 10:

Select **Start > Settings > Devices > Bluetooth & other devices**.

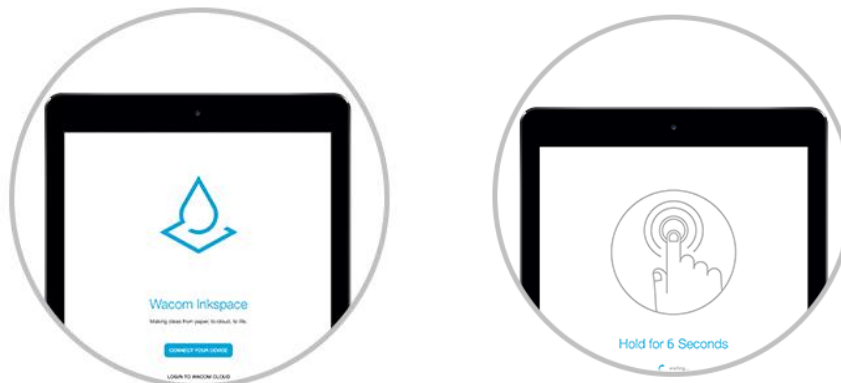

Select **More Bluetooth options** to find more Bluetooth settings.

Step 3 – Download the app **Wacom InkSpace** in the Windows app store:

<https://www.microsoft.com/en-us/search?q=inkspace>

Follow the steps for first time set up of Wacom InkSpace on your computer.

Please note - Setting up a Wacom ID is **not required** and is optional.

Step 4- Click the Live mode icon and follow the steps
