

1 Create Account

Your login page is a custom page specific to your school organization that will begin with parents.classlink.com/ and then will include a custom ending. Once there, enter a personal email or phone number in order to create your account. Click **Next**.

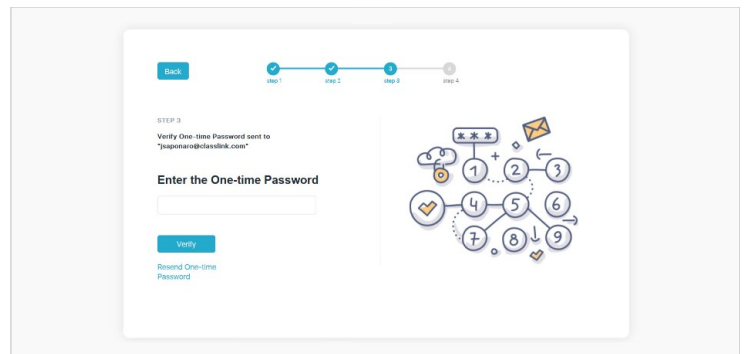

2 Registration Code

Your child's school will have provided you with a **Registration Code** to enter in the box that appears. After entering it, click **Redeem**. This code is used just once.

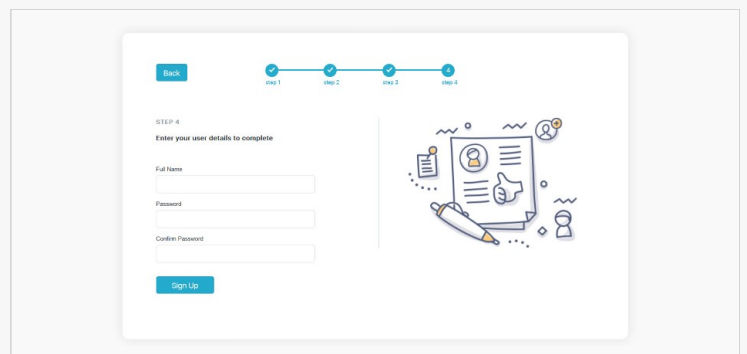

3 One-Time Password

You will be sent a One-Time Password (OTP) to the email or phone number that you used in order to create your account. Enter the OTP and then click **Verify**. The OTP has an expiration.

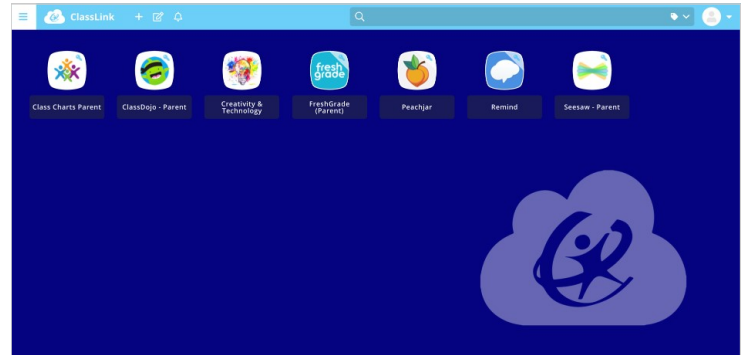

4 Account Info

Enter your full name and create your password. Click **Sign Up**. You will then be sent your account information.

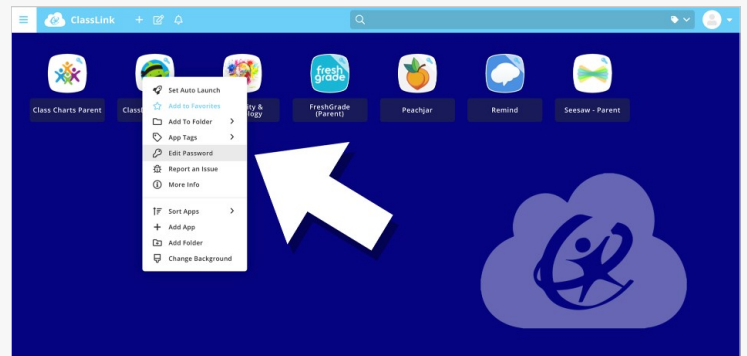

5 My Apps

The **My Apps** screen is where all of your online resources that were provided to you will be located. If required, enter your username and password once and ClassLink will remember it for you! (Install the ClassLink Extension, if prompted.)

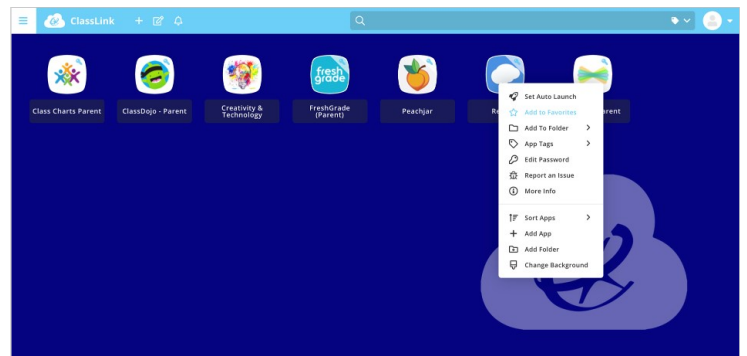

6 Edit Passwords

Right-click on an application and choose **'Edit Password'** to update or change your stored username and passwords for your applications.

7 App Options

Right-click on an application to access its menu options in order to add it to the Favorites Bar, to a folder, to add tags, or to auto-launch it.

8 My Files

My Files allows you to connect other cloud drives in ClassLink to access all of your files in one location.
